

TRI SIGMA

Baby Blankets

You can create these lap blankets for mothers and babies by yourself or work in pairs or a small group.

Step 1: Use at most a 1 yard piece of fleece fabric for each blanket. Lay out your fabric piece (do NOT double layer) on a flat surface.

Step 2: Begin by cutting 1-inch slits around every edge of the blanket and a 2-inch square on each corner.

Step 3: Then about 1/2 to 3/4 inches from the end of each tab, cut a 1/4 to 3/8 inch slit.

Step 4: Starting in the center of one long side, pull one loop over the tab until you only have one strip remaining.

Step 5: Cut the final strip in half. Pull one half through the final loop and tie together in a double knot.
